

**MAHARISHI
UNIVERSITY**

PLACEMENT Brochure 2025-26

UNLOCK YOUR POTENTIAL WITH OUR
EXPERTISE – WHERE EXCELLENCE
MEETS OPPORTUNITY.

The purpose of education is to culture the mind of a man so that he can accomplish all his aims in life. Education, to justify itself, should enable a man to use the full potential of his body, mind and spirit. It should also develop in him the ability to make the best use of his personality, surroundings and circumstances so that he may accomplish the maximum in life for himself and for others.

-Page 210, Chapter Eight, 'Education', from the Science of Being and Art of Living

by His Holiness Maharishi Mahesh Yogi

Maharishi University of Information Technology: *Cultivating Holistic Excellence*

Established under MUIT, Uttar Pradesh Act No. 31 of 2001, Maharishi University of Information Technology (MUIT) has rapidly become a leading institution in India. MUIT offers a diverse range of Bachelor, Master, and Doctoral programs spanning Science, Commerce, Management, Humanities, Pharmacy, Engineering, Animation, Journalism & Mass Communication, Law, and Enrichment Courses. Our unique approach emphasizes enlightenment – the systematic development of each student's full potential from within. This focus on holistic development prepares graduates not just for successful careers, but also for fulfilling lives.

Chancellor's Vision: *Shaping the Future of Talent*

I am delighted to extend my warmest greetings to each one of you as we embark on yet another exciting chapter in our academic journey. As the Chancellor of Maharishi University, it brings me immense pride to witness the growth and achievements of our esteemed university, which is dedicated to the holistic development of its students. This is made possible through the integration of the Vedic concept of consciousness. Transcendental Meditation, a practical and globally recognized meditation technique, is practiced by both students and faculty, contributing to an atmosphere of peace, progress, synergy, and sustained evolution within the university.

In our relentless pursuit of academic excellence, we recognize the pivotal role that training and placement play in shaping the future of our students. As we prepare them for the professional world, we aim to instill not only knowledge but also the skills and values necessary for success.

To our students, I encourage you to take full advantage of the opportunities presented through our training programs. Seize every chance to learn, grow, and develop the skills that will set you apart. Remember, your success is not only a reflection of your individual efforts but also of the collective dedication of our faculty and support of our University.

To our industry partners, I invite you to explore the wealth of talent that our institution has to offer. Our students are not only academically proficient but also possess the skills, adaptability, and innovative thinking required to excel in today's dynamic professional landscape.

Together, let us continue to build a bridge between education and industry, creating pathways for success and accomplishments. I wish each one of you a fruitful and rewarding journey ahead.

Ajay Prakash Shrivastava

From Vice Chancellor's Desk

It is with immense pleasure and genuine enthusiasm that I extend my warmest greetings to all members of our esteemed academic community. As the Vice Chancellor of Maharishi University of Information Technology, I am honored to share a few words as we embark on this exciting new chapter of academic excellence.

In today's ever-evolving educational landscape, the importance of comprehensive training and placement programs cannot be emphasized enough. Our steady commitment at the Maharishi Industry Relations Cell goes beyond merely imparting knowledge. We strive to equip our students with the skills, mindset, and confidence they need to excel and thrive in their chosen professional endeavors.

The Training and Placement Brochure is not just a document; it is a reflection of the collective dedication, effort, and achievements of our entire university community. It stands as a testament to our shared commitment to excellence, innovation, and the holistic development of our students.

As we move forward into this promising future, let us embrace the challenges and opportunities ahead of us. Together, we can build a future where education translates into meaningful success stories for every individual.

I have full confidence that the experiences and milestones shared in this brochure will serve as both inspiration and motivation for all who engage with it. I wish each one of you a successful, fulfilling, and transformative journey ahead.

Prof. (Dr.) Bhanu Pratap Singh

Maharishi Industry Relations Cell

Welcome to our Training & Placement division, Maharishi Industry Relations Cell (MIRC), where we sculpt success stories and forge career pathways! Committed to nurturing talent and connecting it with the right opportunities, MIRC serves as a dedicated launchpad for our students into the professional realm. With a focus on holistic development, we offer comprehensive training programs that not only hone technical skills but also foster soft skills and industry-specific knowledge. Our proactive placement team works hand-in-hand with leading corporations to create a seamless bridge between academia and the corporate world. Through strategically designed workshops, mock interviews, and industry interface sessions, we ensure that our students emerge not just as graduates but as industry-ready professionals, poised for success in a competitive global landscape. Join us in crafting a future where talent meets opportunity, and aspirations transform into achievements!

Transcendental Meditation (TM): *Cultivating Excellence for the Modern World*

MUIT recognizes the intense pressures students face and utilizes Transcendental Meditation (TM) as a cornerstone of its holistic development program. This evidence-based technique provides a stress-free environment, empowering students to effectively manage academic and life pressures. TM cultivates inner resilience, enhances focus, and promotes creative and innovative thinking, bridging the gap between academic learning and real-world industrial application. As per scientific research, practicing TM twice a day for just 20 minutes leads to reduced anxiety, improved sleep, and greater self-awareness. TM enhances students' ability to handle work pressure, fostering peak performance and productivity. By integrating TM into the academia, MUIT equips graduates with the mental clarity, emotional balance, and innovative mindset essential for success in today's demanding corporate world. This unique approach prepares students not just for careers, but for a balanced and fulfilling life, giving them a distinct advantage in the competitive landscape.

Building a Skilled Workforce

Embark on a journey of continuous learning and skill enhancement through our meticulously crafted training and workshop initiatives.

- Placement Induction Program
- Cyber Security Training
- Soft Skill Training
- Resume Revamp Sessions
- Workshop on Cyber security
- Design Thinking Workshop
- Resume Revamp Session
- Gen AI Workshop, Mr. Tanay Kishore Mishra
- Data Analyst using Python AI-ML

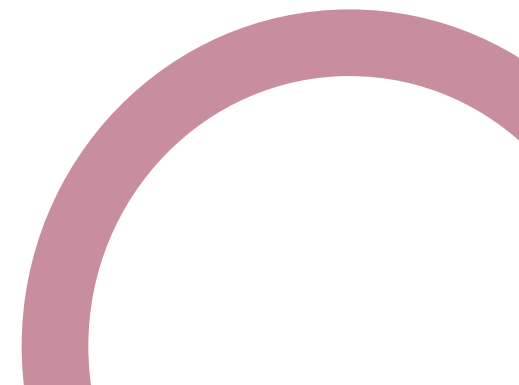

Knowledge Sharing Forums

Immerse yourself in a realm of knowledge and inspiration through our engaging guest lectures and seminars. We believe in the power of diverse perspectives and the impact they can have on personal and intellectual growth.

- **Exploring Ayurveda**

Synergetic Alliances

Experience a transformative approach to career development through our strategic collaborations. We believe in creating a seamless pathway to success for our students, and our collaborations with leading industries and organizations play a pivotal role in achieving this vision. By partnering with diverse sectors, we ensure that our T&P initiatives align closely with the evolving demands of the professional landscape. These collaborations facilitate internships, industry-academia partnerships, and placement opportunities that expose our students to real-world challenges and foster a deep understanding of industry dynamics. Through these synergies, we not only bridge the gap between education and employment but also empower our students with the skills, networks, and experiences needed to thrive in their chosen fields.

Industry Immersion Experiences

Our commitment to provide real-world exposure is exemplified through curated industry visits that offer students a firsthand glimpse into the workings of various sectors.
